

Creative Draco HS880

Foldable Gaming Headset with Detachable Mic

Overview

Step up your game with Creative Draco HS880 — your ultimate weapon for performing at your best. A new take on its predecessor, expect more explosive bass that packs a punch to your gaming experience. Featuring a detachable microphone and swivel earcups, Creative Draco HS880 gives pro-gamers the audio quality and comfort needed to win the battle. Audio Performance

Pump up your Game with Adrenaline Rush

Feel the anxiety and tension of your gameplay. Comfortable yet mind-blowingly powerful, the headset features large Neodymium drivers with explosive bass, housed within full-size circumaural earcups covered in super-soft leatherette. The Draco HS880 headset is not only meant to be used as a weapon for your virtual battle, it doubles up as a pair of headphones. Detach the noise-cancelling microphone for convenience and you're good to indulge yourself in your favourite music. Plus, the swivel earcups conveniently fold flat for easy transport and storage - perfect for pro-gamers on the move!

Audio Performance

The Sound of Victory

Winning never felt this good, with the finely tuned Neodymium drivers that deliver the most accurate gaming sounds, and explosive bass to your sweet victory!

Unrivalled Clarity

Take your game up a notch with the sensitive noise-cancelling microphone. It reduces ambient background noises for precise vocal clarity, to give your team players the right direction in your game.

Design

Tough Personality That Lasts

The Steel Core Headband is made with a precise fit for maximum durability.

Fit for battle

Whenever you're battling all night long, these full-size earcups wrapped in soft leatherette ensure that you don't break a sweat. Plus, they seal your ears from the background to give you the maximum focus needed to win the battle!

Headset without limits

More than just a headset, Creative HS880 isn't restricted to a round of virtual gameplay. Detach the flexible microphone boom and you get a pair of street-styled headphones that deliver exceptional music playback on the move.

Fold and Go

Traveling never felt this easy, with Draco HS880's swivel earcups that fold flat for storage and convenience. Put them into the included travel pouch and you're good to go!

Connectivity

Convenient in-line volume controls

Easily adjust sound levels with an in-line volume and microphone control, including a mute function that enables private conversations during gameplay.
